

LEVEL	2
LEARNING OUTCOME	LO2 Student can follow the principles of sustainable development and environmental system management
SPECIFIC LEARNING OUTCOME	Student knows the main objectives of ecological, financial, social and cultural sustainability in sustainable development
KEYWORDS	United Nations, Sustainable Development Goals, 2030 Agenda for Sustainable Development and daily actions.
INTRODUCTION	You will learn 17 Sustainable Development Goals and additionally, 170 daily inspiring ideas to make a difference in the world around you. You will know what “Agenda 2030” is.
HOW TO WORK WITH THIS MATERIAL	<ul style="list-style-type: none"> • Read a brief introduction about 17 sustainable development goals from learning materials (word), watch the proposed video (1,3”) and download the pdf file with 170 daily actions. Then, work on the 3 tasks proposed. • Computer, mobile/camera for video will be requested. • Grouped in pairs (suggestion)

TIMING	approx. 3 hours
---------------	-----------------

Introduction

This activity helps you to know the objectives of sustainable development through 170 daily actions to transform our World. You can work on 17 Sustainable Development Goals and additionally, you can get inspired by 10 daily suggestions for each goal on how you can make a difference in the world around you.

Index:

1. United Nations and its 17 Sustainable Development Goals (2015)
2. Exercises

1. Know 17 Goals to Transform our World

The Sustainable Development Goals are a call for action by all countries - poor, rich and middle-income - to promote prosperity while protecting the planet. They recognize that ending poverty must go hand-in-hand with strategies that build economic growth and address a range of social needs including education, health, social protection, and job opportunities, while tackling climate change and environmental protection. **The Sustainable Development Goals (SDGs) were adopted by the United Nations in 2015 as part of Agenda 2030.**

Please, watch the following video to better understand them: “Do you know all 17 SDGs?”

<https://youtu.be/OXTBYMfZyrM> (1,3 min, english)

You can learn more about the 17 SDG goals to:

<https://www.un.org/sustainabledevelopment/student-resources/>

But if you want to really act and impact on your world around you, on your daily routines, on your society...such as supporting local farmers (SDG 2), cycling to your school (SDG 3) or supporting charities (SDG 4).

Please, find attached a pdf with 10 actions to impact on each Goal (book):

<https://drive.google.com/file/d/1iMdE6DLLuCqwq3K9U-DaTUWB6KyMa8QG/view>

1. Exercises

Step 1. Download the “170 daily Actions to Transform our world” pdf

Read the 17 SDG carefully and briefly have a look at some of its actions to better understand each goal. Then, individually or in groups, rank the 17 SDG’s taking into account your local environment: which of them are the most important? And why?

Rank the 17 “SDG’s” taking into account your local environment:

No1 _____

No2 _____

No3 _____

No4 _____

No5 _____

No6 _____

No7 _____

No8 _____

No9 _____

No10 _____

No11 _____

No12 _____

No13 _____

No14 _____

No15 _____

No16 _____

No17 _____

Why or explain the criteria you used: _____

Step 2. Choose one Goal to work on: “How can I make a difference in the world around me?”

After analysing and discussing the 17 goals, now it is time to work on one of them. We encourage you to choose one of them and choose an action and “make it happen”. For example, visit and promote fair-trade shops and products in your town, participate in a charity program in your city or promote healthy habits within your family and friends...etc

Record a video (10 min. approx.) explaining and joining your experience, you can interview critical agents and resources. Take into account that What, When, Who, Where and Why needs to be answered.

Step 3. Larger assessment: “Make it happen” presentation in class

As a larger assignment, share your video with your classmates and additionally, in order to explain your experience in a proper way, you can do this task answering your Sustainable Experience and including some pictures on the presentation:

Why did you choose this SDG

Explain us about your personal and sustainable motivation

What “make it happen” experience did you choose?

Explain us what is about your product, service, experience...

End of experience and suggestions

What did you learn? How did you feel? Would you recommend it to somebody else?
